Some women enjoy taking the time to remove their makeup, cleanse, and exfoliate with different products, appreciating the opportunity to relax and pamper themselves—which is perfectly fine, when you have the time! But we busy divine ladies thrive on efficiency in our beauty routine, which is why **Mèreadesso Face + Neck Cleanser** has become one of the staples in our bathroom cabinet. Every day, we use the special cloth (included in the package) to apply the cleansing, exfoliating, and toning all-in-one product to our face for a deep clean that rids our skin of everything, including eye makeup. Hallelujah!
