## Mèreadesso

Ahh Mèreadesso!

Description from <http://www.shespeaks.com/>

One. Two. Two steps. That's all it takes to achieve and maintain smooth, clear, luminous skin. Mèreadesso Woman combines the highest grade ingredients, sourced from around the world, to create a potent, unparalleled combination of minerals, antioxidants and vitamins that work together to reduce the appearance of fine lines and wrinkles, even skin tone and improve elasticity. While most other skincare systems typically consist of five products, Mèreadesso Woman has scientifically figured out how to deliver everything your skin needs in just two simple steps, regardless of skin type, age or ethnicity. Two steps with two products translates to less time and money spent on your skincare regime, my take.....

I have used these Two steps for 6 weeks now and my skin has completely transformed. Youthful is the word. I have to admit..I am a product junkie. This takes the fun out of my skincare routine, but it has been worth it. Step one is the face and neck cleanser that you use with this "sham wow" type of cloth. It really does remove all of my makeup while exfoliating my skin at the same time!

Step two is the Face and neck Toning gel...Wow!!! This stuff rocks! This is what plumped up my skin and gave it such a youthful glow! Love it! I want to hear from you ladies ...have you tried it....what do you think? If you want to try it leave a comment and I will get you 20% off code at
