PRODUCT REVIEWS - Mereadesso, Nivea, L'Oreal, CoverFX

I'm always trying new products and I have to say it can be both fun and exhausting! However, it's always a pleasure to discover new goodies.

Most of these treats were found in those lovely little things called "swag bags" - bags given away at events stocked with products and other gifts. Others were sent to me by the companies to test/try out...

1. MEREADESSO Face & Neck Toning Gel

- Great for anyone who wants an easy one-step skincare routine (toner, moisturizer, primer in one)
- Green tint combats redness
- Very moisturizing (thin yet rich)...better for normal or normal/dry to dry skin types
- Healthy dewy finish
- Cool packaging

2. NIVEA Hydra IQ products
